

Frequently Asked Questions About LEMO's Scholarship Program

We know club volleyball represents a significant investment for many families. These questions and answers explain how LEMO's scholarship program works and what you can expect.

Before reviewing these FAQs, we encourage you to read the LEMO Club Volleyball Scholarship Program Information Guide. It provides an overview of the program, explains how scholarship assistance is funded, and describes the scholarship process in greater detail.

Why does LEMO have a scholarship program?

LEMO believes every athlete should have the opportunity to participate in club volleyball regardless of financial circumstances. Our scholarship program helps reduce financial barriers so more athletes can experience the opportunities and life lessons that club volleyball provides.

Who can apply?

New and returning athletes seeking a roster position on an eligible LEMO Club Volleyball team may apply.

Should I apply if I am not sure whether I qualify?

Yes. Families are encouraged to apply if they believe financial circumstances may make participation difficult. Every application is reviewed individually using the criteria established by LEMO.

When do I apply?

Families requesting scholarship assistance apply during the tryout process and must submit all required materials by the published deadline.

How are scholarships funded?

Scholarships are funded entirely through philanthropy, including gifts from donors, foundations, corporate partners, fundraising events, and other charitable support. No athlete dues or membership fees are used to fund scholarships. We are grateful to the donors whose generosity makes these opportunities possible.

How are awards determined?

Scholarship awards are determined using the following factors:

- Demonstrated financial need
- Information provided in the application
- Available scholarship funding

Because scholarship funding is limited, submitting an application does not guarantee scholarship assistance or the full amount requested.

Does scholarship assistance cover travel expenses?

No. Scholarship awards do not cover any travel-related expenses. Families are responsible for all costs associated with travel to practices, tournaments, and events, including transportation, lodging, meals, and other travel needs.

When will I know if I received a scholarship?

Scholarship awards are communicated at the same time as roster offers so families can make an informed decision before committing to the season.

Does applying for scholarship assistance affect team selection?

No. Team selection and scholarship decisions are separate processes. Athletes are evaluated for team placement based on the club's selection process regardless of whether they apply for scholarship assistance.

Who reviews scholarship applications? Are coaches involved in scholarship decisions?

"Don't expect to accomplish your dreams if you're not willing to help others accomplish theirs."

Scholarship applications are reviewed confidentially by designated scholarship reviewers using consistent criteria established by LEMO. Coaches are not involved in determining scholarship awards, allowing team selection and scholarship decisions to remain separate.

Will my information remain confidential?

Yes. Financial information is shared only with those responsible for administering the scholarship program.

Are volunteer hours required?

Yes. Athletes receiving scholarship assistance and their families are expected to complete the volunteer commitment established for the season. Volunteer hours may be completed by the athlete, a parent, or a guardian.

If my athlete receives scholarship assistance this season, will it automatically continue next season?

No. Scholarship awards apply only to the current club season. Families needing scholarship assistance for a future season must submit a new application.

What if my family's financial circumstances change during the season?

If your family's financial circumstances change significantly during the season, please contact LEMO. While additional scholarship funding cannot be guaranteed, we will work with your family to understand your situation and determine whether any options are available.

Can I donate to the scholarship program?

Absolutely. Every gift designated to the scholarship fund helps expand opportunities for athletes who might otherwise be unable to participate.

Who should I contact if I have questions?

Please contact ENCORE Volleyball Club at scholarship@encorevolleyball.com. We are happy to answer questions about the scholarship program or the application process.

Program Updates

LEMO continually evaluates and refines its scholarship program to better serve athletes and families.

This FAQ reflects LEMO's current scholarship program and application process. As the program evolves, LEMO may update the application process, eligibility requirements, and scholarship guidelines to best serve athletes, families, and the organization.
